## TWO BIG FEATURES SHOWING AT BIJOU

Film of Daly Stage Success and Society Drama Are Presented.

The program today at the Bijou includes two big features. Betty Gray, the celebrated Biograph beauty, is featured in Augustin Daly's great stage success, "Madelaine Moore," a drama filled with interesting situations, love scenes and fine acting. "A Social Deception," the second feature, is a picture of life in high society. "Villains and Violins," a fine comedy, is also presented.

Miss Billie Burke in "The Social Vortex" will be the principal attraction at the Bijou Thursday. A three act Knickerbocker feature called "A Child of Fortune," a single reel comedy and a Hearst International News pictorial will be included.

Blanche Ring has signed a contract with Frederic McKay to continue under his management for another term of years. Mr. McKay has secured the rights to Willard Mack's comedy, "Jan O'Day from Broadway," in which Miss Ring was seen in several cities last spring.

The Triangle's great William S. Hart is wonderful in the forceful offering, "The Primal Lure," now showing at the Orpheum theater, and Mack Swain is a scream in a funny two reel Keystone, "The Love Comet." With these excellent plays another chapter of the circus serial, "Peg o' the Ring," is presented today.

Tomorrow, Miss Florence Lawrence will be starred in a Bluebird feature, "Blissful Isabel." This is a five part society drama with a fine cast of players. Other especially picked dramas of interesting type are presented on the same program.

James K. Hackett expects to be able to return to the stage in October, but his doctors have forbidden him to appear until that time. In

the meantime he is preparing the production of "Othello," which is to be added to his Shakespearean repertoire and will give him three plays to be acted next season.

Guy Bates Post has finished a tour of 126 weeks in "Omar the Tent Maker," which Richard Tully wrote for him.

This afternoon and evening will be the last opportunity for the Clarksburg public to see the Sioux Indians in their novelty act at the Odeon theater. This act has been playing to tremendous crowds at every performance since their engagement here and everyone has been well pleased with it. They presented an entirely new program today and added some novelty features in the program. Tomorrow and Friday there will be shown the second chapter of "The Secret of the Submarine," one of the greatest serial stories ever written. The second chapter opens with Tom Chatterton and beautiful Juanita Hansen struggling for life in a doomed submarine fathoms below the ocean surface.

Friday afternoon and evening will be shown a two part Charles Chaplin picture, entitled "Police," which is said to be one of the best of his pictures. It has never before been exhibited in Clarksburg.

Director Allen Dwan, who is completing preparations to pictureize Bret Harte's popular California novel "In the Carquinez Woods," for Triangle, has returned from his location tour after selecting the various places where he will stage the exterior scenes.

The good old days with their happy carefree views of life are admirably shown in the Pallas-Paramount photoplay, "David Garrick," which is showing today at the Robinson Grand.

The big scene in the old Nag's Head tavern is wonderfully staged. In the

spacious room are gathered many quaint types. The poet with his parchment script, the sporting gentry with their game-cocks that seen in deadly combat, the richly dressed gentlemen of title, the prize fight enthusiasts in friendly bout, the gaming tables with the solemn players drinking from the leather drinking mugs, the now obsolete mannerisms, all are of interest as being true to life touches of bygone days. This atmosphere frames a charming love story of the great Garrick.

The added attraction today is the Burton Holmes Paramount Travel. On his journey Mr. Holmes takes the spectators through San Francisco. Tomorrow Norma Talmadge will appear in "Captivating Mary Carstairs."

In the sea story filmed under the title, "The Fate of the Dolphin," in which Winnifred Greenwood, Edward Coxen, George Field and Harry von Meter play the important roles, a battered hulk of a boat is sent to the bottom. The camera work in photographing the lightning, tossing waves and sinking sailing vessel are among the record accomplishments of cinematography, and shows the advanced technique of the American Film Company's staff of cameramen.

## "POP" TAKING BEER'S PLACE

In Germany Because on Account of War Enough of Latter Can Not Be Made.

BERLIN, June 21.—(Correspondence of The Associated Press)—War, which has worked so many changes in the daily habits of the Germans, has now conspired with weather to induce the Germans to drink "soft drinks." Bottles of lemon sour, ginger ale, cream soda and other beverages included under the generic name of "pop" in the United States are beginning to make their appearance on shelves and bars, formerly devoted to beer, and the thirsty people are drinking them, not from choice, but because they have to.

It is no longer possible to make enough beer to meet even fairly modest demands of the reduced home population. The majority of the larger beer gardens will not be opened at all this summer, and for some weeks it has been no unusual thing to find some of Berlin's biggest restaurants and beer halls without a drop of beer early in the evening of warm days. The sale of beer to households in containers charged with carbonic acid gas has been discontinued, and only favored old customers can still get bottled beer.

Bavaria, the greatest beer-drinking country of the world, where many a solid citizen normally drinks one to two gallons daily, and where the great beer halls are filled at almost all hours of the day, is in a still worse plight. The time in which beer may be sold has been steadily shortened, and now there has come an order permitting saloons, beer halls, etc., to sell beer only from 10 to 12, 2 to 4, and after 9 o'clock at night. Exceptions are made in the case of beer dispensed in factories to their workers, and by farmers to their help. No beer whatever may be sold locally until after the wants of the Bavarian soldiers have been supplied.

The scarcity is, of course, due to the fact that the empire has had to limit strictly the amount of barley which can be turned into malt. This amount has been fixed at 50 per cent of the normal amount, but brewers interviewed by The Associated Press correspondent said they were not able to obtain even this amount. An unforeseen inroad has further been made into the available amount of barley by the fact that the shortage of coffee has required the roasting of great quantities of barley as a substitute. The government has granted the brewers permission to malt in the second (current) quarter of the year the full quota of barley allowed them for the third quarter. This will rob hot summer days of some of their terror, but even at best, the supply will be utterly inadequate.

## HIGH

Are All the Popular Necessities in Belgium Despite the Relief Given.

THE HAGUE, June 21.—Notwithstanding the good offices of the Belgian relief committee, the price of articles of popular necessity in Belgium have risen to unheard-of heights. A list of some of these articles shows an average rise of 450 per cent, as compared with 1914. According to Belgian advices, a packet of household soap that formerly cost eleven cents, now costs one dollar; coffee is \$1.50 a kilogram, as against forty cents; sugar forty-two cents, against fourteen; bacon or ham \$1.20 as against forty-eight cents; tobacco eighty cents, against thirty; butter \$1.40, against

sixty-four cents; prime beef \$1.60, against sixty cents; and cheese \$1.28, against forty-eight cents. While regulations and maximum prices have been proclaimed by the authorities, it is declared that if one seeks any of the things thus officially regulated at the lawful price, the customer is told that it is "sold out"—and the sale is made only secretly at any price the dealer can command.

Some cars are not tired, only about half tired. The reason for this is partly the fact that the car manufacturers do not care to take on the extra expense necessary to equip their cars with the better quality. QUAKER TIRES last longer and have a more liberal guarantee than other makes. Ask us about it.

## VERY THANKFUL IS THIS VOICE FROM WESTON

Emma J. Burnside Says "God Be Praised" for Nerv-Worth.

The Burke Drug Store's Nerv-Worth sales not only continue to make almost unbelievable records in Clarksburg itself, but the out-of-town demand for this matchless nerve tonic rises to higher levels every week. One of his Weston customers, Emma J. Burnside, is about the most enthusiastic Nerv-Worth user yet developed, as her letter, printed below and written some time ago, proves:

Burke's Drug Store—I wish to say that I have used one bottle of your valuable Nerv-Worth.

It has done me so much good and restored my nerves so greatly that I can say, may God be praised—and the man who invented the valuable remedy.

I could not sleep at night and my food did not digest and now I can eat and sleep so sweetly.

I recommend it (Nerv-Worth) to all who are suffering from indigestion and nervousness.

EMMA J. BURNSIDE, Weston, W. Va.

To eat freely and comfortably—to sleep "sweetly"—what boons these are to troubled humans!

Burke has Nerv-Worth ready for YOU. And if for some inexplicable reason the tonic does not help he will hand your money back.—Advertisement.

Prince Albert has always been sold without premiums or coupons. Quality is its standard—and my, how the millions of smokers have approved of it, too!

## PRINCE ALBERT

the national joy smoke

stands clear-as-a-whistle above national or state restrictions on the use of premiums or coupons because they have never been given with Prince Albert. To offer such inducements would mean that Prince Albert's quality would have to be reduced to meet their cost! We prefer to hand smokers quality.

One test of Prince Albert will prove this to your absolute satisfaction! It will prove that P. A. cannot bite, cannot parch! Your enjoyment of its fine flavor and coolness will be supreme! The patented process by which Prince Albert is made cuts out bite and parch!

Prince Albert came unheralded a few years ago; today it has made three men smoke pipes where one was smoked before and has given cigarette rollers a new idea of makin's joy. To meet the approval of such an army of men of varied tastes, P. A. must have everything we or its most enthusiastic admirers ever claimed for it.

And Prince Albert has all that! It rings true and real and you just adopt it for all time quick as you get that taste and aroma into your smokeappetite! Because, it answers the fondest tobacco desires you or any man ever did express!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.
